

USVI HEMP FARM

This Qualified Opportunity Zone Fund represents direct ownership in an industrial hemp farm located in St. Croix USVI. This \$9mm single-asset fund project has been organized by Jack Thomas and his local management team. This group has both the government relations and strong community ties needed to succeed. Jack has also partnered with industry-leading Green Point Research (GPR) to advise/manage on seed selection, farming, processing, and distribution. Coupling the ideal growing environment with multiple tax advantages should allow this project to be the lowest cost producer of high-quality CBD oil in the U.S.

- The JV with Green Point Research will allow the farm to wet bail 2000-pound bags of biomass to GPR's Industrial Processing Center and Process into CBD oil. GPR will then further process the CBD oil into high margin Isolates
- Investors will benefit from the USVI EDC tax program (2.31% effective corporate tax rate) as well as the OZ tax laws
- The Fund is designed to pay high-current income and benefit from the taxfree sale of the business after 10 years

REASONS TO GROW IN ST. CROIX

- St. Croix features reasonable land and labor costs and has the ideal growing environment for hemp given the sun, soil and rain
 - > 3+ crops expected annually
- USVI projects have the protection of the US law and court system
- The island is geographically situated to take advantage of global shipping
 - > St. Croix is Exempt from Jones Act, resulting in reduced shipping costs
- Locally sourced ethanol from St Croix's rum distilleries will benefit CBD extraction costs

ECONOMIC DEVELOPMENT COMMISSION TAX INCENTIVE PROGRAM

Sanctioned by the U.S. Treasury, the Economic Development Commission (EDC) offers an attractive tax incentive program for companies located in the USVI. The benefits include:

- 90% reduction in corporate income tax
- 100% exemption on gross receipt tax
- 100% exemption on business property tax
- 100% exemption on excise tax payments
- Reduction in the customs duty from the standard 6% to 1%

The EDC program alone should represent more than a 20% tax advantage over all other U.S. hemp farms

BENEFITS OF A QUALIFIED OPPORTUNITY ZONE FUND

Qualified opportunity zones (QOZs) defer, reduce and eliminate capital gains to unlock substantial tax incentives

Defer initial tax by re-investing any form of capital gain within 180 days into a QOZ fund Stay invested in the QOZ fund for least 5 years and reduce your taxes by up to 10%*

Completely eliminate the tax on new capital gains from your QOZ investment after the 10-year mark

TERMS OF THE FUND

Summary of Terms for Investors

THE FUND

The Fund investment will represent direct ownership in 70% of the described St. Croix hemp farm (including land, long term lease, buildings and equipment, as well as the enterprise value). The Manager plans on operating the farm for a minimum of 10 years to maximize the OZ advantage.

QUALIFIED OPPORTUNITY ZONE BENEFITS

The tax cuts and Jobs Act of 2017 offer material tax benefits to investors who re-invest current gains in Qualified Opportunity Zone fund

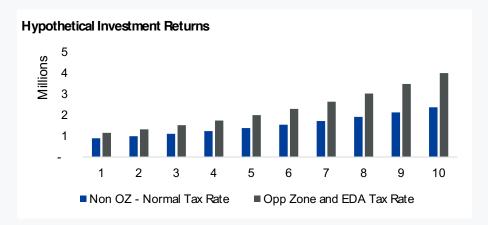

BENEFITS OF OPPORTUNITY ZONE AND EDC TAX

Hypothetic Scenario of \$1 million investment

BENEFITS

- Opportunity Zone tax break allows for deferment of capital gains tax adding 20% to initial investment
- EDA tax policy will allow farm to have an effective tax rate of 2.31% per annum

- Assuming a 20% per annum return the USVI Farm would enable a \$1 million investment to grow to \$4 million versus \$2.4 million for the same investment in a US based farm
- · This does not factor the potential savings from a liquidity event of an Opportunity Zone investment held for 10 years which would increase the savings

Illustrative returns are purely assumptions and not a guarantee; Investing involves risk, including possible loss of principal. If the fund loses money there would be no savings; The USVI Hemp Fund is not suitable for all investors.

MANAGERS OF THE OPPORTUNITY ZONE

On-the-ground experienced operators

JACK THOMAS

John A. (Jack) Thomas was a senior partner in St. Croix Renaissance Group, LLLP (SCRG), the owners and redevelopers of the former Alcoa facility and Port on St. Croix directly adjacent to the Limetree Bay Refinery, for 17 years. He has been responsible for the environmental mitigation and permitting for a plethora of issues related to the activities at the site. Mr. Thomas has extensive experience with the VI DPNR and EPA Region II. As an example of his success, St. Croix Renaissance Park, the former alumina facility, is now the home of Diageo's Captain Morgan Rum distillery.

PETER ROSS

Peter Ross has over 35 years of planning, building, managing and owning real estate development, management and construction companies. Mr. Ross was instrumental in planning and developing the 4,000 acres for the Carambola Renaissance Resort and Golf Club on St. Croix; Port de Plaissance, St. Maarten; Westin, St. John; Diamond Keturah Resort, St. Croix; and Cormorant Beach Club, St. Croix. Ross also planned, built, managed and owned the Kings Alley Hotel and Kings Alley Walk shopping arcade in Christiansted, St. Croix.

LAURENCE RICHARDS

Larry is a senior construction engineer. Over his extensive career, he has overseen and managed construction on many large government, residential, commercial, educational and public utility projects. After servicing as a commissioned officer in the Civil Engineer Corps of the United States Navy, Mr. Richards moved to California and worked for Del Terra Construction Group and Century Housing Corporation. In 2007, he returned to the USVI as COO of the Virgin Islands Asphalt Products Corporation (VIAPCO).

Farm Cultivator and processing consultant

Green Point Research is the union of agricultural, business and political acumen to form a leading research-based cannabis biomass origination and processing company

David is a leading industry cannabis expert in Florida. He played an integral role in the state's legalization of medical marijuana. David was named to the Hemp Council of Florida, Medical Marijuana Advisory Board of Broward County, as well as elected the President of the Hemp Industries Association of Florida

Michael Dukes
Director of Agricultural Operations

Michael is a renowned agronomist in the cannabis industry. Mike brings a vast wealth of knowledge and 20 years of experience cultivating high-THC cannabis and high-CBD hemp in nearly every growing environment and medium. In addition to owning and operating a nursery in Colorado and hemp farms in Colorado and New York, Mike has consulted and setup numerous licensed cultivation and extraction facilities across the country

Jordan Pace
Chief Operating Officer

Jordan has been instrumental in building Green Point's Florida, Colorado and Colombian operations. He oversees the licensing process, processing facilities, professionals and suppliers utilized, and more. Jordan will coordinate the GPS/St. Croix Farm combination

SPONSORSHIP OF THE FUND

The Javelin team brings decades of experience in sourcing, deploying and investing capital. The team has founded, managed and sold multiple companies in various industries. Javelin Securities, LLC is a registered broker/dealer qualified to manage private placements.

WALLY SULLIVAN

John (Wally) Sullivan has been a successful entrepreneur in the institutional financial space since 1993. He has been involved in the founding, building, and selling of trading firms and platforms including Pulse Trading Inc. and the BlockCross ATS. He subsequently was CEO of Javelin Capital Markets (a derivative exchange) and is on the board of Northern Bank and Trust in Woburn, MA. Mr. Sullivan holds Series 24, 7 FINRA Registrations.

ROBERT DONAHUE

Robert Donahue: a 30 year Wall Street veteran. Was an Executive Director at JP Morgan Securities in the Institutional Equity Sales and Trading division. He has extensive experience in Capital Markets, Equity and Fixed Income Execution, Sales and Research. He has serviced Institutional and Family Office accounts in the US. Was most recently a Director at Investment Technology Group in Boston Ma. Mr. Donahue holds Series 7,57 and 63 FINRA registrations.

ED MCELWREATH

Ed McElwreath, a 40-year Wall Street veteran, was Citicorp Managing Director, Co-Head of the Government Bond Department and Global Treasury Sales Manager. He has been a consultant and advisor to many prominent Wall Street firms and most recently ran Arbor Research & Trading New York for 15 years.

Mr. McElwreath holds Series 24, 7 and 63 FINRA Registrations.

USVI HEMP FARM Service Providers

Fund Administrator:

NES Financial

NES has established itself as a premier Fund Administrator Platform for Opportunity Zone Funds. NES will ensure Opportunity Zone compliance and timely production of financial documents Their proprietary software allows Institutions/Family Offices to connect directly to them or through a GUI interface.

https://nesfinancial.com

Legal Counsel:

Chiesa Shihinian & Giantomadi P.C.

CS&G attorneys represent clients ranging from *Fortune* 10 corporations to family-run businesses. As a result of 2014 Farm Act legalizing the growing of hemp, the firm has developed an expertise in hemp Financings and deal structures. Additionally, the firm has highly experienced practice groups in corporate, litigation, government, real estate, intellectual property, environmental and renewable energy.

https://www.csglaw.com/

Bank:

Northern Bank and Trust

NBTC is a mid-sized commercial bank located just north of Boston. NBTC has consistently been recognized as a top performing regional bank, in part to its emphasis on technology. This focus has allowed NBTC to grow with its business clients on a national scale and we expect will help this project provide a streamlined and transparent offering.
